Introduction

TANKCEU

TANKCEU Food

Tankceu EESV - specialists in tank transport since 1990

Tankceu stands for Tank Combination Europe and represents a group of renowned European haulage companies that specialise in the tank transportation of chemical and food grade products by road and intermodally. Tankceu has both a chemical and a food grade division, the members of which are located throughout Europe.

Tankceu is registered with the Dutch Chamber of Commerce and has a Board consisting of a Chairman plus two or three Board Members per division, who are elected from amongst the member companies.

Objectives

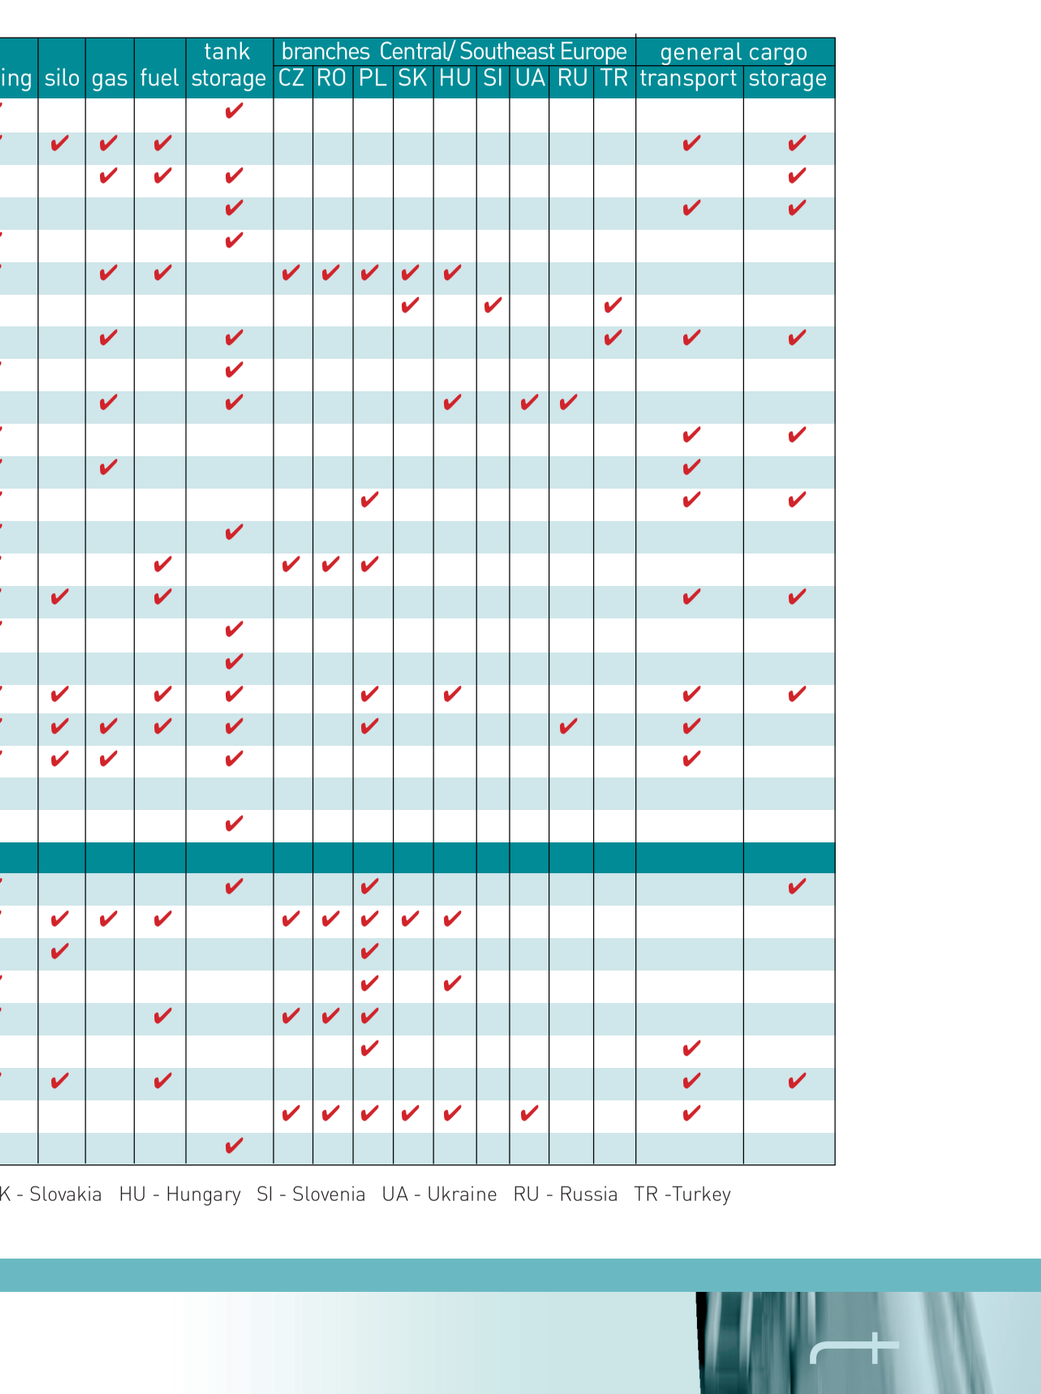

- to optimize the carrying capacity of the member fleets by exchanging loads
- to supply a European platform for hauliers
- to provide an emergency response network (TSN)
- to create a network of cleaning stations
- to exchange information relating to
    - the environment, safety and quality
    - laws and regulations
    - equipment and fleet
    - communication systems

Tools

- Tankceu secretariat - assistance in 5 languages
- Meetings for
    - management
    - planners
    - commercial staff
    - quality and safety staff
    - e-mail system for the exchange of loads
